## Own the Stage with Digital Wireless

You are ready to go wireless right out of the box, thanks to the included ULTRALINK ULM300USB wireless microphone system. Wireless gives you maximum freedom and mobility without the need to run cables. The highest-quality sound is provided thanks to the ULM's digital, license-free 2.4 GHz frequency spectrum.

The ULM wireless system combines professional-quality sound with simple setup and an intuitive interface for legendary audio performance. Just plug in the ULM receiver "dongle", and instantly you have an exceptional wireless mic system. Freeing you from cables is the simply easy way to own the stage.

## Comprehensive Remote Control via Smart Devices

MPA200BT PA speakers can be controlled via dedicated apps for both Android and Apple iOS Bluetooth-enabled devices – and it's extremely easy. Just pair your MPA200BT with your smart device, and the control app automatically detects your setup and adapts for mono or stereo mode.

Once successfully paired, you can adjust the speaker settings with a simple swipe of the screen or by pressing the settings icon. All MPA200BT speaker settings can be accessed from the control app.
